Lugarde garden buildings, designed and installed by Sutton

A guide to the three Lugarde systems Sutton Garden Buildings sells: the Log Cabin, Prima and Pro. Their sizes, roofs, doors and windows, finishes and options, and how Sutton takes your project from a first visit to a finished building.

A Lugarde Log Cabin rendered in Sutton's 3D designer. Furniture and planting are illustrative.

Design yours in 3D

Sutton Garden Buildings Ltd: approved Lugarde dealer, Sutton Coldfield, Tamworth, Lichfield, Solihull, Knowle, Warwick and across the West Midlands. Compiled in October 2026 from suttongardenbuildings.com and Lugarde's published product information.

Three Lugarde systems

Lugarde Log Cabin

SOLID LOGS, WINDMILL CORNERS

Solid timber logs stacked horizontally and locked together at the corners with a traditional windmill joint.

Sizes: 1.5m to 20.0m wide and up to 5.0m deep (6.5m with an apex roof), in 10cm steps. Walls 44, 68 or 90mm. Roofs: flat roof, apex roof or pent roof.

Best for: authentic character and a traditional look and feel.

Lugarde Prima

WALLS SLOT INTO CORNER POSTS

Lugarde's patented system: wall sections slot into corner posts with an aluminium core, with no visible nails or screws.

Sizes: 1.8m to 5.4m wide and up to 4.2m deep, in 60cm modules. Walls 28 or 44mm. Roofs: flat roof or pyramid roof.

Best for: a modern garden room where design and a clean finish matter.

Lugarde Pro

14 × 14CM LAMINATED POSTS

Wall sections slot directly into laminated 14 × 14cm posts: Lugarde's strongest, most stable system, sized in 10cm steps.

Sizes: 1.0m to 8.5m wide and up to 4.3m deep (8.5m with an apex roof), in 10cm steps. Walls 28mm. Roofs: flat roof or apex roof.

Best for: larger builds, home offices, gyms and year-round rooms.

Doors and windows

Lugarde's doors and windows are finger-jointed and laminated so they don't warp, double glazed (4+16+4mm, argon filled) and, on the doors, fitted with 3-point locks. Every one comes pre-treated or painted to match.

Doors

Glazed single door	PE46 (H), 77 × 194cm
Half-glazed single door	PE61 (H), 77 × 194cm
Single door with glazing bars	PX39 (H), 77 × 194cm
Single door, frosted glass strips	MG01 (H), 77 × 194cm
Boarded single door	DD01 (H), 77 × 194cm
French doors	PE45 (H), 121 × 194cm
French doors with glazing bars	PE24 (H), 121 × 194cm
Half-glazed French doors	PE60 (H), 121 × 194cm
Wide French doors	PE50 (H), 151 × 194cm
Boarded double doors	PE45F (H), 121 × 194cm
Sliding doors, 2m	SD200, 200 × 194cm
Sliding doors, 3m	SD300, 300 × 194cm
Folding doors, 3 leaves	DL01H, 150 × 194cm
Bi-fold doors, 2m	VL01H, 200 × 194cm
Bi-fold doors, 2.4m	VL02H, 242 × 194cm

Windows

Tilt-and-turn window	PE47, 77 × 100cm
Wide tilt-and-turn window	PE48, 129 × 100cm
Tall double tilt-and-turn window	PE49, 121 × 153cm
Tall narrow tilt-and-turn window	PE65, 53 × 153cm
Tall slot window (fixed)	PJ07, 34 × 153cm
Full-height fixed window	PJ26, 77 × 180cm
Wide fixed window	PJ25, 153 × 100cm
Landscape slot window (fixed)	PJ06H, 114 × 34cm
Casement window with glazing bars	PE21, 100 × 114cm
Wide casement window with glazing bars	PE23, 121 × 114cm

Sizes are the leaf or glass size from Lugarde's product list; the frame adds about 14cm. Doors are 1.935m high (Lugarde's H range).

Finishes and roofs

Pre-treated

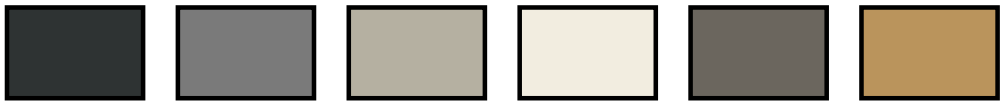

Transparent factory pre-treatment: the grain shows through. For the Log Cabin, Prima and Pro walls, and for doors and windows.

Transparent | Transparent brown | Transparent graphite grey | Transparent light grey | Transparent white | Transparent black oil | Transparent brown oil

Opaque stain

Factory-painted opaque stain. For the Prima and Pro walls, and for doors and windows.

Black grey (RAL 7021) | Dusty grey (RAL 7037) | Pebble grey (RAL 7032) | Pure white (RAL 9010) | Quartz grey (RAL 7039) | Transparent oak (stain)

Pressure-treated

Impregnated under pressure. For the Log Cabin and Pro walls.

Brown | Green | Grey

Roofs

- Flat roof: EPDM rubber with a wide aluminium roof trim in silver or black; a complete kit with adhesive and an outlet.
- Apex roof: two slopes with gables, shingles or metal roof tiles. Shingles in black, green or red; metal tiles in Classic or Modern profiles.
- Pent roof (Log Cabin): a single slope, falling to the back.
- Pyramid roof (Prima): four slopes to a central point, shingled, with an optional chrome ball finial.

Inside, extras and Sutton's services

From Lugarde

- Internal floor: pressure-treated floor beams, floorboards and skirting.
- Floor insulation: 20mm thermal boards between the floor beams (needs the internal floor).
- Double walls with insulation: an inner wall of 19mm boards on slotted beams, with a breathable membrane.
- Roof insulation: rigid thermoset boards, from 0.027 W/m.K.
- Extra ceiling: finishes the inside of a flat or pent roof below the insulation.
- Canopies beside the building on 12 × 12cm posts (14 × 14cm on Pro), with optional Siberian larch decking.
- Lighting: LED spots set into the roof overhang (6 to 12) and LED up-and-down wall lights (2 or 4).
- Skylights for flat roofs: 50 × 150cm, 50 × 200cm, 100 × 150cm, 100 × 200cm.
- Zinc gutters and downpipes, storm anchor kits and plastic foundation beams.

From Sutton

- A free home visit or call to talk through your options and get Sutton's advice.
- The base, delivery and installation by Sutton's own team, committed until the project is complete.
- Electrics and plumbing: Sutton takes care of the entire installation.
- Patio around the building. Sutton's landscaping team: porcelain paving to the front and sides.
- Infrared heater. Wall-mounted, as in Sutton's fitted rooms.
- Interior fit-out for your use. Lined walls, flooring, lighting and fittings to your specification.
- Aftercare: a comprehensive after-care and maintenance service.

What people use them for

Garden office, Home gym, Games room, Home bar, Golf simulator, Granny annexe, Summerhouse.

How Sutton works

1 **Design it**

Design your building in 3D at sutton-garden-room-configurator.netlify.app and see Lugarde's price, or start with a call.

2 **A free home visit or call**

Sutton talks through your plans, your garden and your design, and advises on the base, access and position.

3 **Your quote**

Sutton finalises the building with you in Lugarde's official configurator and quotes the whole project in writing.

4 **Base, delivery and installation**

Sutton prepares the base and its own team installs your building: log cabins are typically installed within days once the base is ready.

- **Approved Lugarde dealer**
  A genuine Lugarde building, designed and installed by Sutton.
- **Over 20 years**
  An established local name: no disappearing contractors or unfinished projects.
- **40+ years of Dutch engineering**
  Lugarde buildings are precision-built and sold only through approved dealers.
- **FSC and PEFC certified timber**
  Slow-grown northern European timber, denser and more stable.
- **Sutton's own team**
  Only Sutton's own installers, committed until the project is complete.
- **One team, garden and room**
  Garden room and landscaping planned together: one team, one project.

> "Christian and his team were absolutely fantastic from start to finish."
